Sleeping there is half the fun.

Vanagon Camper

Here's a bedtime story the whole family will love.

It's all about being sleepy. And happy. But never grumpy.

For openers, our camper has two separate double-bedded compartments.

You'll sleep tight. Because

you'll never sleep tightly.

Then, there's a kitchenette so complete you can whip up a meal in minutes.

And clean it up even faster.

We've made lots of provisions for loads of provisions. With closets and bins galore.

And on top of everything, our

camper is a German-engineered Volkswagen.

So getting there is as much fun as sleeping there.

The Vanagon Camper. Any way you look at it, it's a real sleeping beauty.

**German engineering.
The Volkswagen way.**

Buy this van,

and get this camper, free.

It's not a special deal, it's a special Volkswagen. The Camper GL. As a van, it hauls 4 people and assorted gear to work, or school, or whatever. But it's also a fully-equipped camper that sleeps, feeds and houses them in comfort. A van that can do all that is hard to beat at any price. So the Camper GL is a special deal after all.

WANT TO SEE A GREAT WEEKEND UNFOLD?

It's easy in a Volkswagen Camper. Just take off for your favorite recreation area. Pull in. And pop the top.

In seconds you're ready for swimming, fishing, hiking, biking... or just plain relaxing.

With two double beds, eight feet of headroom and a fully-equipped kitchenette, Camper is remarkably comfortable.

And versatile, too. When the weekend's over Camper folds back into a minivan you can drive every day.

In fact, Camper combines the best of Volkswagen's 40 years experience in building both minivans and recreational vehicles.

So for details on any of our three competitively priced Camper models, see your Volkswagen dealer today.

And have a great weekend.

FAHRVERGNÜGEN. IT'S WHAT MAKES A CAR A VOLKSWAGEN.

It's the minivan that moonlights.

Volkswagen Camper. In the driveway, it looks like a minivan.

On the road, it maneuvers like a minivan. Which is to say, it maneuvers like a car. (Camper is actually shorter than a midsize station wagon.)

And every day, Camper does what minivans do. Gets you to work. Picks up the dry cleaning. Drops off the kids.

Of course, there'll come a day when you get tired of doing these everyday things, day after day after day.

With Camper, you're prepared.

Take off for your favorite beach, forest, fishing hole, or hiking trail. Then, pull in

and pop the top.

In seconds, Camper gives you eight feet of headroom, a sleeping loft for two, and a window for fresh air, sunshine or moonlight.

Down below, you'll find a refrigerator, stove, two fold-out tables, a second double bed, plus generous living room and storage space—everything you

need to enjoy camping, even a kitchen sink.

So for your next minivan, why not choose the one that works overtime. Volkswagen Camper. \$20,990.*

You may find yourself sleeping better at night.

CAMPER

*MSRP. Excludes options, tax, registration, destination charges and dealer prep. Alloy wheels as shown are optional.
